# LONDON

A classic tapering cylinder with a rounded rim, LONDON sets the archetypal garden pot in a clean, confident look. The profile lifts evenly to a pronounced rim that gives structure and scale. Its glazed surface is smooth and sleek, with subtle pitting that catches highlights and softens reflections. The form is practical and timeless, easy to place by doors, along façades and on terraces. As a planter, LONDON offers a clear, generous volume that lets the planting take the lead.
