MOYA

Designed by Piet Boon

In MOYA, by designer Piet Boon, a banded profile sets the tone – a rounded vessel with a textured upper section and a smooth, weight-bearing base. The vertical texture recalls thatch, giving the clay a fine, fibrous grain that softens light and adds depth. Hand-finished surfaces keep the form calm and assured while the open mouth offers clear planting volume. Practical indoors or out, MOYA brings tactility and balance to terraces and rooms alike.
